Registered Charity Number 1049189

### GENERAL GUIDELINES

The Colwinston Charitable Trust was established in 1995. The founder is the current Chairman.

The trustees are:

- Mr Mathew C Prichard CBE (Chairman)
- Miss Rebecca A Evans
- Mrs Lucinda M Prichard
- Mr Martin Tinney
- Miss Sian LI Williams

The trustees meet twice yearly, usually April/May and October/November, to consider applications, and to make funding decisions.

Generally no funding decisions are taken outside these meetings.

Completed applications should ideally be received by the Trust during March and September each year, although email enquiries may be made at any time.

#### **AIMS: What does the Trust seek to achieve?**

- Through its grant making, the Trust seeks to sustain and support high quality artistic activities that add to the cultural life and experiences available in the UK and especially in **Wales** where over 80% of its grants are directed.
- The funding focus is particularly, but not exclusively, directed to the support of the **live performing arts, the visual arts**, plus **library and archive** projects in Wales.
- Other areas may also be supported on occasion, at the discretion of the trustees.

#### **ELIGIBILITY: What does the Trust expect from applicant organisations?**

- Applicants must be fully Registered UK Charities and the activity to be funded must take place in the UK.
- Quality and excellence in the relevant field
- A good track record in financial and project management with sensible business plans, realistic budgets, with reasonable costs.
- At least one full year of independently assessed accounts.
- Organisations should demonstrate a commitment to effective fundraising, and maximising income from all available sources.

**PRIORITIES: What type of activity is the Trust most likely to fund?**

- Projects that demonstrate excellence in terms of the creative ambition – through the quality of the artistic product, the calibre of the participating artists, and the value of the artistic experience for audiences and/or participants.
- Collaborative projects that assist organisations to share skills and expertise, and extend the range and reach of the funded activity.
- Projects designed to develop new audiences, make the art form more widely accessible, and help embed the art form in the community.
- Projects that specifically target families and younger people, and which help them to better understand and engage with the arts.
- Arts educational and outreach projects associated with high quality work.
- Distinctive, high quality festivals and events, that impact beyond a purely local level.
- Projects that help to fill an existing gap in artistic provision in Wales.
- The commissioning of new work, particularly to develop the careers of emerging and mid-career Welsh artists, when professionally mounted presentations of the work form part of the project.
- Projects that may assist organisations to increase their financial sustainability.

**EXCLUSIONS: What is specifically excluded, or is unlikely to be funded?**

- An organisation may only apply for one grant, in any one financial year.
- The Trust will only consider applications from fully UK Registered Charities.
- It will not consider applications from “Friends of.....” charities.
- Retrospective funding will not be considered, nor will funding for projects that have already started.
- The Trust is unable to accept applications from individuals or for individual research or study.
- It will not consider funding for publications, conferences and seminars, or general appeals.
- The Trust will not fund activity that takes place outside the UK, even if the organisation is UK registered.
- Social and community welfare organisations, where the dominant purpose is not arts, will not normally be supported.
- Community arts projects and performances by amateur groups will not generally be considered.
- Capital or refurbishment projects will only be considered in exceptional circumstances and only when the applicant is an arts organisation or gallery in Wales.

- The majority of grants will be in the range of £5,000 to £20,000.
- Larger grants are generally only awarded to organisations where a funding relationship with the Trust has been developed over several years.
- Larger grants are more likely to be offered to fund activities that deliver **strategic initiatives**, and that would be unlikely to occur without the assistance of the Trust.
